WELCOME BACK!

May 23, 2021

The sailing season is embarking on a new year with no surprises or massive uncertainty. There are no new regulations to report, no new restrictions, in comparison to last year...nothing of significance to report.

Each club and OA are busy making plans for regattas, the launch services seem to allow 50% capacity which is a vast improvement. The regatta parties will follow as the Commonwealth informs us of what is permissible for such social activities.

The book is being published electronically this year. Our printer did not survive the the past year and we are in search of a new printer. In the mean time we will be publishing electronically and members can download and print a copy for their use. We restrained from making any significant changes, as we did in 2020, so one can easily update the 2019 book if you still have one on board.

Our Championship and Pursuit Series will resume after the short hiatus last season. We also expect to have an awards celebration the Friday before Thanksgiving as we traditionally have done.

We are seining more boats in the harbor every day and hope you will resume your full racing schedule this season.

Cheers

Doug Ryan

2021 MBSA SEASON NOTICE OF RACE AND GENERAL SAILING INSTRUCTIONS

Indicates a change from 2021

1 Introduction

- 1.1 The yacht clubs and sailing organizations of Mass Bay Sailing Association ("MBSA") plan to sponsor races and regattas, and they invite you to participate.
- 1.2 The yacht clubs and sailing organizations are the *Organizing Authority* ("OA") of their respective events (races, regattas and/or series). The OA will have the authority to modify these *General Sailing Instructions* ("GSI").

2 Eligibility and Entry

- 2.1 Eligible boats, as stated in the *Event Sailing Instructions* ("ESI"), may be entered for each event by completing registration with the OA.
- 2.2 The entry method and any deadlines will be specified in the ESI.
- 2.3 The entry fee(s) and deadlines will be specified in the ESI. No refunds will be made if an entry is withdrawn after the entry deadline specified in the ESI. The entry fee is payable to the OA and shall be paid in order to be scored.
- 2.4 The handicap system(s) and either Time-on-Time (TOT) or Time-on-Distance (TOD) to be used will be specified in the ESI.
- 2.5 Each boat entered in an event shall be prepared to provide the OA with a copy of their valid handicap certificate(s) if requested.

3 Rules

- 3.1 The event(s) will be governed by the rules as defined in *The Racing Rules of Sailing* ("RRS").
- 3.2 US Sailing prescription to the RRS rule 63.2 is deleted.
- 3.3 Additionally the event(s) will be governed by the following:
 - (a) The US Safety Equipment Requirements (USSER).
 - i. All yachts shall minimally comply with the US Nearshore section of the USSER and shall comply with their class rules, where applicable.
 - ii. In the event of a conflict between these Requirements and applicable class rules, the class rules shall apply.
 - (b) The current published documents from the controlling organizations governing the chosen handicap system(s).
 - (c) The MBSA ORR-EZ Rules.
- 3.4 Except when starting, rounding or passing marks, or finishing, when a race is scheduled to continue after sunset, the *International Regulations for Preventing Collisions at Sea* ("IRPCAS") will replace the *Rules of Part II* of the RRS from sunset until sunrise.

4 Notices to Competitors

The procedure for notices to competitors will be specified in the ESI.

5 Changes to Sailing Instructions

- 5.1 Any change to the sailing instructions will be posted before 0800 on the day it will take effect, except that any change to the schedule of races will be posted by 1800 on the day before it will take effect.
- 5.2 Changes to these GSI will be posted on the MBSA web site www.massbaysailing.org.

6 Signals Made Ashore

- 6.1 The location for signals made ashore, if any, will be specified in the ESI.
- 6.2 When flag AP is displayed ashore, '1 minute' is replaced with 'not less than 60 minutes' in the race signal AP. This changes "Race Signals".
- 6.3 The meaning for any additional signals made ashore will be specified in the ESI.

7 Schedule of Races

- 7.1 The schedule and number of races will be specified in the ESI.
- 7.2 The time for the first warning signal will be specified in the ESI.
- 7.3 The time for the last warning signal, if any, will be specified in the ESI.

8 Class Flags

Each boat racing handicap shall display, from her backstay or a stern staff, the class flag for the class in which she is competing, as specified in 2.1, commencing with her warning signal until she finishes. Boats without backstays or staffs shall fly the class flag from their starboard standing rigging.

9 Racing Area

The racing area will be specified in the ESI.

10 The Course(s)

10.1 The course(s) will be specified in the ESI and will be taken from **ONE** of the following:

- (a) MSBA Standard Courses;
- (b) MSBA Standard Rounding Marks List A, B, C;
- (c) A list of marks issued by the OA.

10.2 The **MBSA Standard Courses** show the courses, their letter designation, the approximate angles between legs, the order in which marks are to be passed, and the side on which each mark is to be left.

When these courses are used:

- (a) The course letter designation, approximate compass bearing and approximate distance to Mark 1 will be displayed by the race committee signal boat.
- (b) To provide for simultaneous rounding of a nearby mark and starting by separate classes, the **starting** and/or **finishing** mark(s) may be set slightly (approximately 100 yards) beyond the windward or leeward mark as applicable. If such a separate starting and/or finishing mark is set, the nearby windward or leeward mark is not a mark of the course for that leg.
- (c) *Offset Mark*: An offset mark may be in place for the rounding of a windward mark.
- (d) *Leeward Gates*: Gates may be in place for the rounding of a leeward mark. If a gate mark is missing the remaining mark shall be passed to port.

10.3 Courses using marks from the **MSBA Standard Rounding Marks List A, B, C** and the side on which each mark is to be left, will be designated by letters or numbers displayed by the race committee signal boat, along with a colored or lettered rounding side indication. Marks shall be rounded, and the finishing mark passed, in the order displayed.

- (a) When code flags are used, 1st Substitute substitutes for the first flag in the hoist, 2nd Substitute substitutes for the second flag and 3rd Substitute substitutes for the third flag in the hoist.
- (b) Code flag T indicates that the posted course is to be sailed twice around. The starting mark is not included unless it is also a designated mark.
- (c) When an inflatable windward mark is used (List A Mark W) the approximate compass bearing and approximate distance to that mark will be displayed by the race committee signal boat.
- (d) If a green flag or placard is displayed, all turning marks shall be rounded to starboard; otherwise a green color or the letter S associated with a turning mark letter or number will indicate starboard rounding for that mark, and a red color, letter P or no color will indicate port rounding. In the absence of any indication all marks shall be left to port.
- (e) The finishing line will be at the last designated mark.

11 Marks

Marks will be either:

- (a) As described in the ESI (e.g. when inflatable marks are used with MSBA Standard Courses);
- (b) As identified in MBSA Standard Rounding Marks List A, B, C.

12 Areas that are Obstructions

Passing or Boundary Marks (Restricted Areas) along with the Additional Restrictions contained in MBSA Standard Rounding Mark Lists A, B, C are obstructions.

13 The Start

13.1 The starting line will be between a staff displaying an orange or yellow flag or shape on a race committee boat and the course side of a nearby mark.

13.2 Boats whose warning signal has not been made shall avoid the *starting area* during the starting sequence of other boats.

13.3 The starting area is defined as a box whose top extends one-half the length of the starting line past either end of the starting line and whose sides are one half of the length of the starting line behind the starting line.

14 Recalls

14.1 The race committee will attempt to hail each boat that is determined to be on course side ("OCS") using VHF radio. The failure to hail, the order of hail, the hail of some but not all, or the untimely hail of OCS boats, all will not be grounds for redress. This changes rule 62.1(a).

14.2 The VHF channel used for recalling boats will be specified in the ESI.

15 Change of the Next Leg of the Course

For races using MBSA Standard Rounding Marks List A, B, C, the race committee will display the letter or number, identifying the new mark, along with the side on which it is to be left. This changes rule 33.

16 The Finish

16.1 The finishing line will be between a staff displaying a blue flag or shape on a race committee boat and the course side of a nearby mark.

16.2 Each boat is responsible for taking her own time and, if possible, the names or sail numbers of the boats immediately ahead and astern. This information shall be provided to the race committee upon request.

16.3 For events that include more than one race, flag A displayed, with no sound, while boats are finishing means "No more racing today".

17 Time Limits and Targets

- 17.1 Time limit(s), if any, will be specified in the ESI, stated as a number of hours and/or minutes after the actual starting time of each class.
- 17.2 Finishing window(s), if any, will be specified in the ESI, stated as the number of hours and/or minutes after the first boat in each class finishes.
- 17.3 If a finishing window applies, boats failing to finish within the finishing window will be scored DNF. This changes rules 35, A4 and A5.

18 Penalty System

- 18.1 Both US Sailing RRS Prescription Appendix V1 and the Scoring Penalty, rule 44.3, will apply, offering a boat a choice of on-the-water penalties. This changes rule 44.1 by deleting the third sentence.
- 18.2 US Sailing RRS Prescription Appendix V2 shall apply.
- 18.3 RRS Appendix T (arbitration) may be utilized if the judges feel it would be appropriate.

19 Protests and Requests for Redress

Protest forms shall be delivered in person to the protest desk within one hour after the race committee signal boat, for the race in which the protesting boat competed, docks. If allowed by the ESI, protest forms may be submitted by email. Protest hearings may be conducted virtually in lieu of in person when considered practicable by the Organizing Authority. See the ESI for details.

20 Scoring

- 20.1 The RRS Low Point System will be used for all individual events.
- 20.2 The MBSA Offshore Season Scoring System will be used for all season-long series.
- 20.3 One race is required to be completed to constitute a series.
- 20.4 No race scores will be excluded. This changes rule A2.
- 20.5 Event score ties are broken in accordance with RRS A8.1. If a tie remains among handicapped boats, it will be broken in favor of the boat with the lowest total corrected time for all races. For a boat scored DNS, OCS, ZFP, UFD, BFD, SCP, RET, DNF, TLE (Time Limit Expired), DSQ, or DNE, her corrected time in that race will be the corrected time of the boat finishing last in that class plus 10%. This changes rule A8.2.
- 20.6 MBSA Class Splits will be used.
- 20.7 For TOD scoring when MBSA Standard Courses are used, the posted distance, adjusted for starting marks beyond the windward or leeward mark, offset marks and finish lines beyond the windward or leeward mark, if any, will be official for scoring purposes.
- 20.8 For TOD scoring when MBSA Standard Rounding Marks, List A, B, C are used, the distance as measured from the mark positions as published in the current edition of the US Coast Guard Light List, adjusted for fixed obstructions such as islands and passing and boundary marks, if any, will be official for scoring purposes. If an obstruction may be passed on more than one side the shorter distance will be used.
- 20.9 When the ORR handicap rating system is used, the following matrix may be used for rating selection:
Standard Courses A, C, H, K, L: W/L 50/50 - B, D: W/L 60/40 - E, F, G, M, O: Random Leg. Ocean, Navigator & Point to Point races:
Random Leg, Mostly WW, Mostly LW.
- 20.10 When the ORR handicap rating system is used, four wind strength ranges are available to be chosen and the intended range may be posted (or hailed by VHF) by the first warning signal of each race. The ranges are (in knots): 0 to 4.9 (very light), 5 to 8.9 (light), 9 to 16 (medium) and 16.1 and over (heavy). If no wind range has been posted (or hailed) by the warning signal the medium range is intended to be used for scoring. The final wind range to be used for scoring may be posted (or hailed) prior to the first boat finishing the race. If no choice is indicated the medium range is intended to be used for scoring.

21 Safety Regulations

- 21.1 All boats shall have a working VHF radio.
- 21.2 Boats shall check in with the race committee signal boat before her first warning signal each day by sailing past the signal boat or by VHF (if allowed in the ESI) when within 100 yards of the signal boat and stating her sail number and the number of souls on board. Boats that fail to check in may receive a 20% scoring penalty for the first race. This changes rules 63.1 and A5.
- 21.3 In the event of an emergency, or if a boat withdraws, either the boat or an associated support boat shall notify the race committee at the first reasonable opportunity.

22 Support Boats

Team leaders, coaches and other support personnel shall stay outside areas where boats are racing from the time of the preparatory signal for the first class to start until all boats have finished or retired, or the race committee signals a postponement or abandonment.

23 Radio Communication

Except in an emergency, a boat that is racing shall not make or receive voice or data communications that are not available to all boats. This restriction applies to all electronic devices. **Note as per USSAILING RRS Part 3; Rule 37:** "When the race committee displays flag V with one sound, all boats and official and support vessels shall, if possible, monitor the race committee communication channel for search and rescue instructions"

24 Prizes

Prizes will be specified in the ESI.

25 Disclaimer of Liability

Competitors participate in the event(s) entirely at their own risk. See rule 4, Decision to Race. The organizing authority will not accept any liability for material damage or personal injury or death sustained in conjunction with or prior to, during, or after the event(s).

MBSA CLASS SPLITS

Class splits will be based on the ORR-EZ TOT W/50/L50 Medium rating for each boat. Once a boat is placed in a class using this rating it will always be in that class for the entire season no matter what other rating is used for an individual event or race unless that boat receives a new certificate due to a change in its configuration.

Spin

Class A = .900 and higher

Class B = .850 to .899

Class C = .775 to .849

Class D = up to .774

J&M

Class F = .775 and higher

Class G = up to .774

MBSA SEASON SCORING SYSTEM

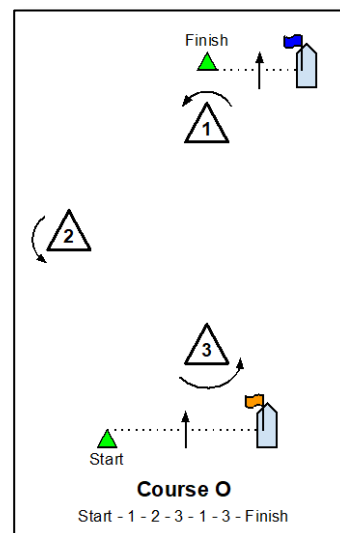

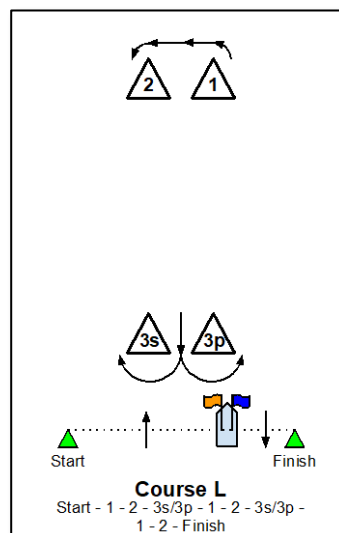

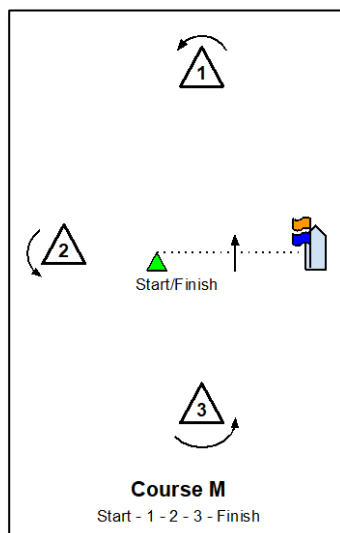

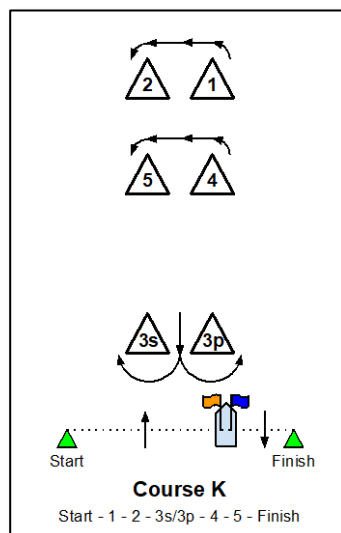

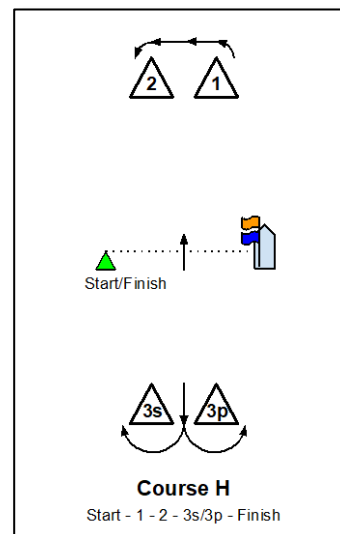

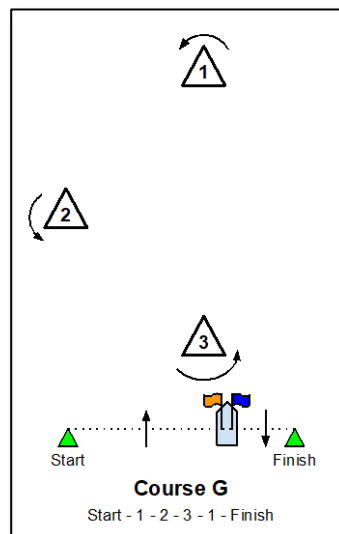

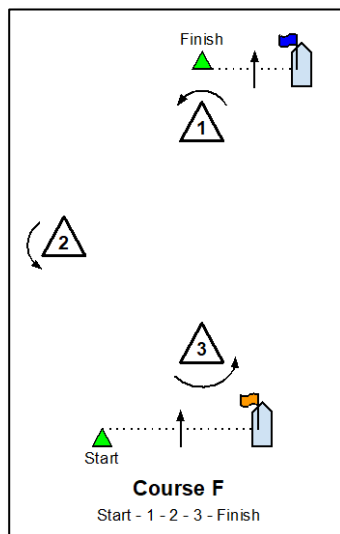

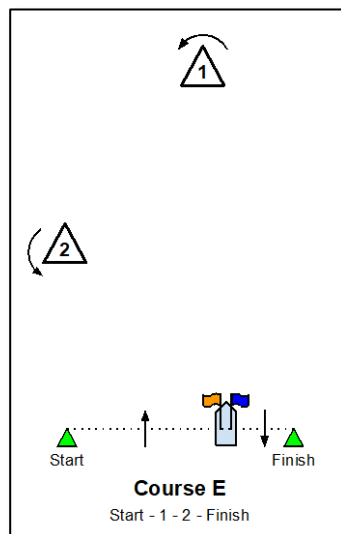

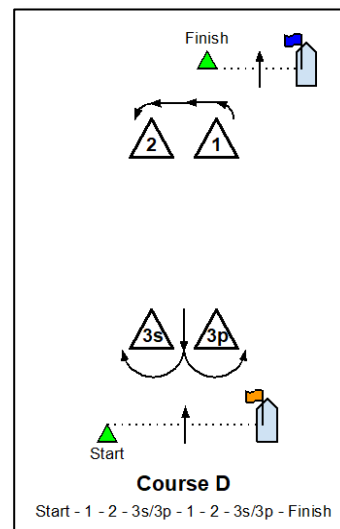

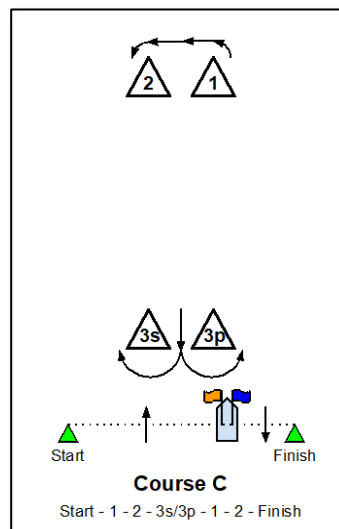

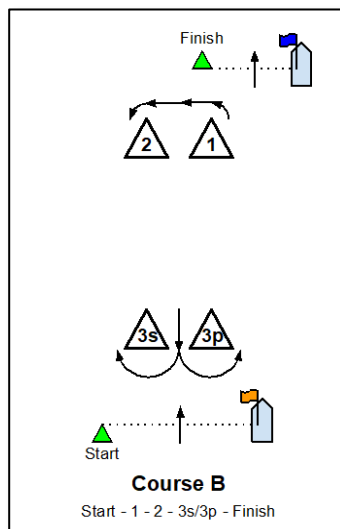

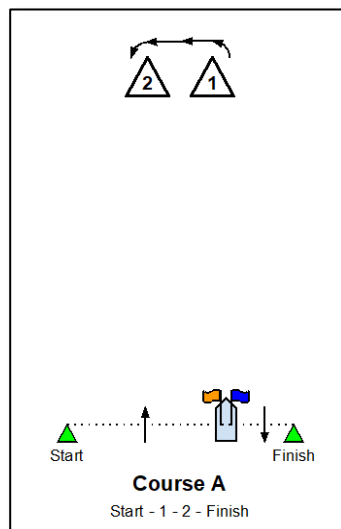

SCORING: Points are awarded to each boat using the Mass Bay Offshore Scoring System (CHIPS table below). All events will be scored based upon the boat's finishing place in the event as reported by the Organizing Authority.

Note: For regattas that are abandoned, all boats checking in with the RC on the water will score 50 points. These points apply **only** to the MBSA Season Championship and fulfill the travel requirement, if applicable.

MBSA ORR-EZ RULES

I Introduction

Mass Bay Sailing Association (MBSA) intends to offer the ORR-EZ rating system to its members. This document spells out the rules and regulations for its implementation. In addition to the MBSA General Sailing Instructions (GSI), MBSA will utilize the full ORR-EZ Offshore Racing Rule as published by ORA. This document indicates where the MBSA implementation of the ORR-EZ Rules differ from the official ORR-EZ Rules published by ORA in February 2019, and is organized into the same sections and rule numbers as the official ORR-EZ rulebook (Rulebook).

To download the latest Rulebook, and for an introduction to and overview of the system, use this link:

To obtain, change or renew a rating, please go to RegattaMan https://regattaman.com/certificates_page.php and apply using the link for the MBSA fleet.

III Handicapping Procedure

Refer to section III of the Rulebook for a detailed explanation of the handicapping procedure, including measurement requirements.

A fully measured ORR certificate may be used as the basis for an ORR-EZ rating.

Section A. Change “using Whisker Pole with either headsail or asymmetric spinnaker tack to centerline is allowed” to “using Whisker Pole or Spinnaker Pole with either headsail or asymmetric spinnaker tack to centerline is allowed.”

Section C. Crew is modified: Default Crew Weight = 1.0x Base Crew Weight.

Section D. Sail Limitations is modified:

Table 1

Mainsails	1
Headsails*	5
or 4 headsails plus 1 large roach headsail >50% mid girth foot ratio	4+1=5
Light Staysails	1
Spinnakers	3*
Storm Trysails	1
Storm Jib (headsail)	1
Heavy-Weather Jib (headsail)	1
Mizzens	1
Mizzen Staysails	3

NOTES:

For inventory purposes, Code 0 Sails will be classified as follows:

<50% mid-girth to foot length ratio is a Headsail

>50% and <75% mid-girth to foot length ratio is a Large Roach Headsail (LRH)

>75% mid-girth to foot length ratio is a Spinnaker

Section E. Is modified by adding the following sentence: “An electronic copy of the certificate, accessed through the official certificate list on the Regattaman site, will substitute for a printed and signed certificate.”

IV Changes and Adjustments to Handicaps

Fees and procedures are outlined in the Rulebook. Changes can be submitted through the RegattaMan certificate page.

V Propulsion - No changes.

VI Definitions - No changes.

VII Certificates

This section is modified by adding the following sentence: “An electronic copy of the certificate, accessed through the official certificate list on the Regattaman site, will substitute for a printed and signed certificate.”

Appendix A – Certificate Example

Course types and wind ranges have been expanded and standardized nationwide, eliminating the need for the “MBSA Custom” ratings. Here are the course types and corresponding MBSA courses described in the MBSA GSIs:

Standard Courses:

Courses A, C, H, K, L = WW50%/LW50%

Courses B, D = WW60%/LW40%

Courses E, F, G, M, O = Random Leg*

Ocean & Point to Point:

Mostly WW

Mostly LW

Random Leg*

*Random Leg may be used for “navigator” style courses where conditions warrant it.

VPP based Ratings were developed using the following wind range probabilities (i.e., typical wind speed observed 50% of the time along with gusts above and/or lulls below the typical wind speed for a given range) The following table gives the guidelines for each wind strength category (See MBSA 2019 GSI 20.10 for more information):

Table 2

Category	TWS Range	Blend
Heavy	16.1 kts or Greater	25% 16kts, 50% 20kts, 25% 24kts
Medium	9 – 16 kts	25% 10kts, 50% 12kts, 25% 16kts
Light	5 – 8.9 kts	50% 6kts, 25% 8kts, 25% 10kts
V. Light*	4.9 kts or Less	100% 4kts

* V. Light is new for 2019 and is an optional wind range for MBSA races.

Qualifier in the Mass Bay Pursuit Race Series

Come celebrate the sport of sailing by participating in the 30th annual Great Chase Race. Last year we ran a special Quarantine Edition and 75 boats entered the race. This year we are expecting over 100 sailing vessels of all types. This event is open to all sailors, PHRF, one design, and cruisers. If you have never competed in the Great Chase, you have been missing one of the best sailing events of the season!

How it works:

Each boat is given a start time based on that boat's rating. The slower boats start first, the faster boats start later. The slower boats have the thrill of hanging on to the lead for as long as possible. Faster boats have the challenge of passing the whole fleet to win. The first boats start at 1:00 PM.

Boat start times are calculated on a "Time on Time" rating. For more information, visit www.regattaman.com/TOT_pursuit_race.php. In addition, we will be using the ORR-EZ rating system to calculate the starting times.
